

Nahuel Delias

New York, NY | njdelias@gmail.com | LinkedIn | nahueldelias.com

Education

University of Southern California

Los Angeles, CA

M.S. Integrated Design, Business, and Computer Science, GPA: 3.9

Involvement: Hispanic Scholarship Fund Scholar, SHPE Scholar, ColorStack

Technical Skills

Languages: TypeScript, JavaScript, SQL (PostgreSQL), Python, HTML/CSS

AI: LLM agents & tool calling, prompt engineering, guardrails, evals, Claude Code, Codex, Cursor

Frontend: React, Next.js (App Router), Tailwind, shadcn/Radix, react-hook-form, TanStack Query, Zustand

Backend & Data: Node.js, tRPC, Hono, Zod, Drizzle ORM, PostgreSQL, Redis, Meilisearch, Inngest, REST APIs, webhooks

Platforms: Stripe Connect, Clerk, Resend, Cloudflare R2, Vitest, Playwright, Sentry, PostHog, GitHub Actions, Fly.io

Product & Design: PRDs, prototyping, user research, usability testing, Figma, design systems, mobile UX

Spoken: English, Spanish, Portuguese

Experience

Product Engineer

November 2025 – Present

vers1ons

Los Angeles, CA (Remote)

- Led the music-distribution pipeline that gets artists' releases onto Spotify and Apple Music, integrating third-party partner APIs with retry-safe multi-step workflows, webhook-driven live status, and takedowns (~110 PRs).
- Built a human-in-the-loop AI agent that turns inbound rights-clearance emails into proposed updates and draft replies for operator approval; hardened it against prompt injection (locked tool allowlist; 7/7 evals passed).
- Designed a Postgres and Stripe Connect payments ledger that makes double-spends impossible (append-only entries, row locks, database-enforced idempotency) with split credit-and-card checkout; shipped in 4 days.
- Wrote the PRD for and shipped a payout flow for co-writers without accounts, with automated outreach and identity verification so no one can impersonate a rights holder; closed 3 unauthorized data-access paths before launch.
- Shipped sheets.vers1ons.com solo, from idea to paid product in 13 days: a split-agreement builder with multi-party e-signing, signed-PDF generation, and a Stripe paywall.
- Grew from intern to the team's top contributor in under a year (329 merged PRs, ~2,500 tests); led the ~530-file design-system overhaul with a CI lint gate and Claude Code skills.

Software Engineering Intern

May 2025 – November 2025

vers1ons

Los Angeles, CA (Remote)

- Built the landing page and messaging UI in Next.js and React, then moved into backend and API integrations.
- Led 10+ product walkthroughs with stakeholders and turned their feedback into product requirements.

Design Strategist (Contract)

June 2025 – December 2025

Ernst & Young (EY) [Through USC Iovine & Young Academy]

Los Angeles, CA

- Led 15+ stakeholder interviews and 20+ research sessions for EY's Wavespace innovation hub, turning findings into 5+ client-experience opportunities.
- Co-authored and presented a 40-slide strategy to EY leadership that informed roadmap priorities.

Product Designer & UX Researcher (Intern)

March 2025 – June 2025

Techstars

Los Angeles, CA

- Designed and launched an AI-powered script-breakdown feature that cut script review time by 50%.
- Shaped product requirements through 30+ user interviews and 10 usability tests, raising user satisfaction 30%.
- Partnered with the founder and engineers through release; wrote user-flow guidelines that cut build time 20%.

AI/LLM Evaluation (Contract)

May 2024 – December 2024

Outlier AI

Remote

- Refined 100+ GPT-based prompts and flagged hallucinations and failure modes, improving content accuracy by 8%.
- Ran A/B tests on 30+ AI-driven UX concepts and shared the analysis with engineers, PMs, and designers.
- Helped design research studies on AI-powered UI interactions and wrote structured analyses of model behavior.

UX Researcher (Intern)

June 2024 – August 2024

Beats by Dre

Remote

- Interviewed 8+ buyers and prototyped app features (multi-speaker connect, EQ tuning, social listening).

Leadership

Founder & Mentor

September 2024 – Present

Ignite

- Founded a high-school mentorship program; run 3+ ongoing workshops on college applications, financial aid, and careers.
